Motion to file petition to intervene on behalf of the KCC in D.C. Circuit Court of Appeals Docket No. 20-1448

Date: December 1, 2020
Docket No: Case No. 20-1448; ITC Petition for Review of FERC Docket 19-80

Background:

On November 12, 2020, ITC Great Plains filed a petition for review in the D.C. Circuit to appeal the order in FERC Docket 19-80.

The Order in FERC Docket 19-80 reduced ITC's Transco independence adder from 100 basis points to 25 basis points. The order will result in refunds to Kansas ratepayers.

The petition to intervene is due Monday, December 14th. Staff has discussed this docket with our D.C. Counsel and we recommend the Kansas Corporation Commission file a petition to intervene in the matter as soon as possible. Intervening ensures this Commission remains informed of the docket's developments, and further preserves this Commission's ability to protect the interest of Kansas ratepayers.

I recommend the Commission authorize our D.C. counsel to file a Petition to Intervene in D.C. Circuit Court of Appeals Docket No. 20-1448.

Respectfully,

Cole Andrew Bailey

Motion:

I move the Commission authorize our D.C. counsel to file a Petition to Intervene in D.C. Circuit Court of Appeals Docket No. 20-1448.

Motion to file doc-less intervention
FERC Docket No. EL21-18-000

Date: December 1, 2020
Docket No: EL21-18-000; Formal Challenge and Complaint of Kansas Electric Power Cooperative, Inc.

Background:

On November 17, 2020, Kansas Electric Cooperative, Inc. ("KEPCo") filed a formal challenge and complaint against Evergy Kansas Central ("Evergy") pursuant to Sections 206, 306, and 309 of the Federal Power Act. This was filed in docket EL21-18.

KEPCo challenges the 2020 Annual Update setting cost-of-service rates for electric power for the Contract Year beginning June 2020 and ending May 2021. KEPCo asserts the 2020 Annual Update is unjust, unreasonable, and contrary to FERC's accounting regulations and ratemaking policy. KEPCo requests FERC to issue an order that directs Evergy to make changes to the 2020 Annual Update to address several issues. If FERC grants KEPCo the relief requested, KEPCo estimates the adjustments would reduce the Demand Charge for capacity from $22.37 per kW-month to an estimated $19.92 per kW-month.

Motions to intervene, as well as comments or protests, are due Monday December 7th. Staff has discussed this docket with our D.C. Counsel and we recommend the Kansas Corporation Commission file a Doc-less Motion to intervene in the matter. Filing a Doc-less Motion to Intervene ensures this Commission remains informed of the docket's developments, and further preserves this Commission's ability to protect the interest of Kansas ratepayers.

I recommend the Commission authorize our D.C. counsel to file a Doc-less Motion to Intervene in FERC Docket No. EL21-18.

Respectfully,

Cole Andrew Bailey

Motion:

I move the Commission authorize our D.C. counsel to file a Doc-less Motion to Intervene in FERC Docket No. EL21-18.
