

**Grant Brohm, Sales Director
WindLogics**

As Sales Director for WindLogics, Grant works extensively with utilities, wind developers, and landowners, assisting them with wind resource assessment, due diligence and operations support services.

He joined WindLogics in 2004 and has over 15 years of experience, including on-air meteorology, weather forecasting technology and business development.

Grant hold a MS in Atmospheric and Oceanic Science from the University of Wisconsin and a BS in Business Finance from the University of Minnesota.
