

**Greg Greenwood**  
**Westar Energy**

Greg Greenwood is vice president of Generation Construction for Westar Energy, a position he has held since August 2006.

The generation construction department is responsible for developing and managing nearly \$2 billion of projects that Westar will invest in over the next four years including the 600MW Emporia Energy Center, the Sulfur Dioxide scrubber retro-fit project at Jeffrey Energy Center and wind generation assets which will be the topic of Greg's remarks today.

Greg has been with Westar for over 14 years, the last 4 plus years as an officer of the company
