

Phil Warren
Superintendent of Schools
Shallowater Independent School District, Texas

Mr. Warren is currently the Superintendent for Shallowater ISD. Shallowater is located in the northwest corner of Lubbock County, Texas. He received his Bachelor's Degree from Lubbock Christian University, his Master's Degree from West Texas A&M University in Canyon, Texas and his Superintendent certification through Tarleton A&M in Stephenville, Texas.

He has been a Superintendent for 18 years serving the Lazbuddie, Olton and Shallowater school districts.

Shallowater ISD has five wind turbines on site which generate 30% of the schools' electric needs. The district has educational partnerships with Texas Tech University.

The College of Engineering & Geosciences uses the school turbine site for K-16+ training in their new Doctorial program in Wind Turbine Technology.

Mr. Warren was a featured speaker in September for the Texas Education Agency at a State wide leadership conference held in Houston. His topic was "Sustainable Leadership and Thinking outside the box". He has spoken at Regional energy conferences in Lubbock, Amarillo, and Sweetwater, Texas.

Shallowater ISD is the largest school wind turbine site in the U.S.
