

GREG GREENWOOD

Mr. Greenwood serves as Vice President of Generation Construction for Westar Energy.

He previously worked in public accounting for KPMG Peat Marwick and Berberich Trahan & Co. from 1988-1993.

He began his career at Westar Energy in the Tax Department in April 1993. In 1995 he was promoted to Financial Analyst; and in 1996 he became Manager of Planning & Analysis. He served in various capacities within the finance organization until he was named Treasurer by Westar's Board of Directors' in 2003.

In 2006 Mr. Greenwood was promoted to his current position Vice President, Generation Construction, where he leads a team dedicated to safely managing over \$1 billion of construction projects related to coal plant emissions, natural gas peaking plants and wind generation.
