February 2022
January 2, 2006

The Kansas Corporation Commission (KCC) and the Kansas Highway Patrol (KHP) are joining efforts to enhance the Kansas Safety Compliance Program with one goal in mind, to reduce the number of injury/fatality accidents involving Commercial Motor Vehicles. This joint effort will result in formation of a Civil Assessment Penalty Program for noncompliance with safety regulations. Under the program, drivers and carriers may expect to see the following changes:

**New KHP Policy “Driver”:** Effective January 1, 2006, KHP officers have been trained and instructed to issue misdemeanor citations to drivers for the applicable out-of-service (OOS) violations of the Federal Motor Carrier Safety Regulations (FMCSR) discovered during roadside inspections as determined by the CVSA, North American Standard Out-Of-Service Criteria. This change in policy emphasizes the driver’s role, understanding and responsibility, and holds them accountable and liable for areas under their purview.

**New KCC Civil Assessment Project “Motor Carrier”:** Effective April 1, 2006, the KCC will assess civil penalties to all motor carriers for the applicable OOS violations of the FMCSR’s discovered during roadside inspections as determined by the CVSA, North American Standard Out-Of-Service Criteria. This new program emphasizes the responsibility of motor carriers, and holds them accountable and liable for areas under their purview.

If a driver is issued a misdemeanor citation for an OOS violation, there will be no additional civil penalty assessed to the motor carrier for the same OOS violation. KCC will only issue one civil penalty fee for each OOS violation category. For example:

- The tractor of a combination vehicle is placed OOS for an air brake lining with a thickness less than 1/4 inch, as well as OOS for brake adjustment limits and the trailer is also placed OOS for brake adjustment limits, the company will be issued three OOS violations but only fined for one brake OOS.

- Scenario two, a driver is placed OOS for three OOS violations discovered during a roadside inspection. The OOS violations include an 11-hour rule, a 14-hour rule and a 70-hour rule violation. The driver will be issued a misdemeanor citation for the 11-hour OOS violation, the company will be issued three OOS violations, and because the driver will be cited for the 11-hour OOS violation, the company will not be issued a civil penalty.

As stated above, the KCC and KHP are joining efforts to reduce the number of injury/fatality accidents involving Commercial Motor Vehicles. This joint enforcement project will allow both the KCC and KHP to focus our resources on unsafe drivers and motor carriers, resulting in a more effective, efficient and safe environment for the motoring public. If you have any questions regarding this program, feel free to contact one of the agencies as indicated below. We appreciate your continued support in making the highways in the state of Kansas safer for everyone.

K.S.A. 8-2,133
Unified Carrier Registration (UCR) Act

The UCR Act is a federally mandated commercial motor vehicle registration program administered by the States for motor carrier operations that cross a State line. UCR funds are used by States for administration and enforcement of motor carrier safety programs.

**UCR Fees:** Apply to all motor carriers or other entities required to obtain an *Interstate* USDOT, FF, MC, or MX number and/or is required to register with the Federal Motor Carrier Safety Administration (FMCSA). There are six fee categories and the registration fees are based on the number of commercial motor vehicles operated in interstate commerce.

**UCR Renewal Period:** Begins October 1st and runs through December 31st of each year unless otherwise posted. Kansas based motor carriers must register their companies in the Kansas Trucking Regulatory Assistance Network (KTRAN) in order to pay the UCR fees. The link is: [https://www.ucr.gov/](https://www.ucr.gov/).

**Commercial Motor Vehicle (CMV) Means:** a self-propelled vehicle used on the highways in commerce principally to transport passengers or cargo (as defined under 49 UCS Section 31101), if the vehicle:

1. Has a gross vehicle weight rating or gross vehicle weight of at least 10,001 pounds, whichever is greater;
2. Is designed to transport more than 10 passengers including the driver; or
3. Is used in transporting material found by the Secretary of Transportation to be hazardous under 49 U.S.C. Section 5103 and transported in a quantity requiring placarding under regulations prescribed by the Secretary.

**Power Units not meeting the UCR CMV Definition:** For example, motor carriers operating non-CMV(s) less than or equal to 10,000 or less than 10 passengers including the driver, the fleet size for the UCR purposes would be zero and the carrier would register and pay the lowest fee bracket.

**Applicability of the Provisions of the UCR Agreement:** The UCR Agreement applies to the following types of interstate operations of passenger and property:
1. Motor carrier;
2. Motor private carrier of property;
3. Freight forwarder;
4. Broker;
5. Leasing company; and
6. CMV registered with IRP plates *cannot be excluded from the UCR vehicle count.*

**UCR Exempt Operations:**
1. Wholly intrastate CMV;
2. Private Motor Carriers of Passengers.

**Enforcement Period:** begins January 1st and runs through December 31st of each year unless otherwise posted.

INSTRUCTIONS FOR COMPLETION OF FORMS

1. **MOTOR CARRIER COMPLIANCE CHECKLIST (Page 4):**
   This form provides a one page checklist for recording completion of: the required driver qualification forms; hours of service document retention requirements; vehicle inspection requirements; accident information; and updating the MCS-150. Alcohol and controlled substance program documents may be recorded, but must be retained in a separate file if this driver qualification file is not handled in a confidential manner (Page 6a).

2. **APPLICATION FOR EMPLOYMENT (Pages 8 & 9):**
   (Part 391.21) An employment application must be completed by every applicant seeking to drive a commercial motor vehicle. The application for employment shall be made on a form furnished by the motor carrier (a copy of the form is on Pages 8 & 9). Each application form must be completed and signed by the applicant and must contain the information as outlined in Section 391.21.
   Before an application is submitted, the motor carrier shall inform the applicant that the information he/she provides may be used and the applicant’s prior employers may be contacted for the purpose of investigating the applicant’s background. The form must be retained in the driver’s qualification file for three years after the person’s employment by the motor carrier ceases.

3. **CHECK OF DRIVING RECORD – MOTOR VEHICLE RECORD (MVR) (Pages 10 & 10a):**
   (Part 391.23) (a) (1), each motor carrier is required to investigate the driving record, for the preceding three years, of each driver-applicant. The appropriate agency of every state in which the driver held a motor vehicle operator’s license or permit during those three years should be contacted within thirty days of the date employment begins. The Kansas MVR request form is found on page 10 of this book or may be obtained online at: [https://www.kansas.gov/ssrv-mvr-ltd/](https://www.kansas.gov/ssrv-mvr-ltd/)
   A copy of the response of each state agency showing the driver’s driving record or certifying that no driving record exists for that driver, shall be retained in the carrier’s files as part of the driver’s qualification file. The responses must be retained in the file for three years after employment by the motor carrier ceases. (Pages 10 & 10a)
   **NOTE:** Part 391.25 (a) requires the motor carrier to obtain the driver's MVR annually.

4. **REQUEST FOR CHECK OF PREVIOUS EMPLOYER (Pages 11 & 12):**
   (Part 391.23) (a)(2) and (c) (1), each motor carrier must investigate the driver’s safety performance history during the preceding three years. The investigations may consist of personal interviews, letters or any method of obtaining information that the carrier deems appropriate and shall be made within thirty days of the date his/her employment begins. The information that must be checked is the prospective driver's accident history for the previous three years and whether the driver has ever tested positive or refused a DOT required drug or alcohol test. A written record must be kept with respect to each past employer who was contacted along with the past employer’s name and address, the date he/she was contacted, and his/her comments with respect to the driver. The record shall be retained in the driver’s safety performance history file for three years after the person’s employment with the motor carrier ceases. (Pages 11 & 12)

5. **DRIVER’S PHYSICAL EXAMINATION (SAMPLE COPY Pages 13 & 13a):**
   (Parts 391.41, 391.43 & 391.45) All persons operating a commercial motor vehicle are required to undergo a physical examination at least every twenty-four months that shall be recorded on the FMCSA medical examination report form and medical examiner’s certificate. The forms may be found at the following websites:
   All INTERstate and INTRAstate medical examinations must be conducted by a qualified and certified medical examiner (ME) listed on the National Registry of Certified Medical Examiners. The motor carrier is required to check and verify the ME is listed in the Registry.
   A copy of the medical examiner’s certificate shall be retained in the driver qualification file for three years from the date of execution except for INTERstate CDL drivers who need to file a copy with the State CDL department. The employer must verify the Interstate CDL driver’s certification by obtaining an MVR annually. All other Non-INTERstate CDL operators must carry a copy of the certificate at all times. If the medical examination report form is provided to the company by the driver, it should be retained in a confidential file because it contains medical information. (SAMPLE COPY Pages 13 & 13a)
6. **RECORD AND CERTIFICATE OF ROAD TEST (Pages 14 & 15):**

   (Part 391.31) A road test shall be given by a person who is competent to evaluate and determine whether the prospective driver who takes the test has demonstrated that he/she is capable of safely operating the vehicle and the associated equipment that the motor carrier intends to assign him/her. The test evaluator shall rate the performance of the driver at each operation or activity that is part of the test. After the evaluator completes the form, the person who administered the test shall sign it. The original copy of the road test is retained in the driver qualification file. The information must be retained by the Motor Carrier for three years after the person’s employment by them ceases. (Pages 14 & 15)

   **NOTE:** (Part 391.33) Driver's who have a CDL can provide a copy of the CDL and a motor carrier may accept the CDL as equivalent to a road test except in the case of a tank vehicle or a double/triple trailer.

7. **RECORD OF VIOLATIONS CERTIFICATE (Page 18):**

   (Part 391.27) At least every twelve months a motor carrier shall require each driver it employs to prepare and furnish it with a list of all violations of motor traffic laws and ordinances (other than violations involving only parking) of which the driver has been convicted or, on account of which he has forfeited bond or collateral during the preceding twelve months. If the driver has not been convicted of, or forfeited bond or collateral on account of, any violation, which must be listed, he/she shall so certify. The motor carrier shall retain the list or certificate or a copy of it in its files as part of the driver’s qualification file. (Page 18)

8. **RECORD OF ANNUAL REVIEW CERTIFICATE (Page 18):**

   Each motor carrier shall, at least once every twelve months review the driving record of each driver it employs to determine whether that driver meets minimum requirements for safe driving following review of the driver's MVR and his list of violations or is disqualified to drive pursuant to Section 391.15. The review shall be signed and dated by the reviewer and the form placed in the driver qualification file. The records may be removed from the driver’s qualification file three years after date of execution. (Page 18)

9. **CARRIERS DRIVER STATEMENT OF ON-DUTY HOURS (Page 16):**

   (Part 395.8(j)(2)) Motor carriers, when using a driver for the first time or intermittently, shall obtain from the driver a signed statement giving the total time on duty during the immediately preceding seven days and the time at which such driver was last relieved from duty prior to beginning work for such carrier. The driver also provides information regarding other compensated work for any other employers. The hours of on-duty time are retained at the driver’s home terminal until the twentieth day of the succeeding calendar month and retained an additional six months at the carrier’s principal place of business. (Page 16)

10. **DRIVER QUALIFICATION FILE FOR MULTIPLE - EMPLOYER DRIVER (Page 17):**

    (Part 391.63) Motor carriers using a multiple-employer, casual or occasional driver shall obtain from the driver his social security number and expiration date of his medical examiner's certificate and complete the information on page 17 required by Part 391.63 and 391.51(d). The driver's hours of on-duty time are to be retained at the driver’s home terminal until the twentieth day of the succeeding calendar month and retained an additional six months at the carrier’s principal place of business. (Page 17)
DRIVER QUALIFICATION FILE FOR KANSAS CORPORATION COMMISSION COMPLIANCE

According to Part 391.51(a) except as provided in Subpart G, each motor carrier shall maintain a driver qualification file for each driver it employs.

RECORD RETENTION

The motor carrier must retain the following information in the driver qualification file for three years after the person’s employment by the motor carrier ceases, except for item numbers 3, 6, 7, 8 and 9. NOTE: Item numbers 3, 6, 7, 8 and 9 listed below may be removed from the file after three years from the date the forms were executed Part 391.51(d).

1. Application for Employment (Part 391.21)
2. State agencies response concerning the driver’s driving record (MVR) (Part 391.23) (a) (1)

IV. Verification of your eligibility to receive the requested records.

Please review the exceptions listed on the back of this form and fill in the code that corresponds with your request.

Code: ________

If you have selected code “J”, indicate the second code that would make you eligible to receive this information. (A licensed private investigative agency or security service can obtain DMV records as long as the request falls within one of the other exceptions listed.)

Second Code: ________

If you have selected code “M”, indicate the intended use of the requested record(s). (Anyone can obtain DMV records if the intended use is specifically authorized by Kansas law and is related to the operation of a motor vehicle or public safety.)

V. Signature – Before signing this document, read this section carefully.

Under the Drivers’ Privacy Protection Act of 1994, as amended (18 U.S.C. § 2721), personal information obtained by the Kansas Department of Revenue cannot be released unless the request for information falls within one of the exceptions in the Act. Those exceptions are listed on the back of this form.

It is unlawful for personal information to be used for any purpose not permitted under these exceptions. Furthermore, it is unlawful for any person to make false representation in order to obtain personal information from DMV records.

Civil action may be brought against you by the owner of the personal information released. Should this happen, the court may award the following: actual damages of not less than $2,500.00, punitive damages, reasonable attorney fees, other litigation costs and other preliminary and equitable relief as the court determines to be appropriate.

In addition, Kansas law (K.S.A. 21-3914 and K.S.A. 45-220(c)(2)) prohibits any list of names and addresses derived from public records to be sold, given or received for the purpose of selling or offering for sale any property or service.

I declare that I am eligible and have the express authority to sign for and receive the requested information pursuant to the Federal Drivers’ Privacy Protection Act of 1994, as amended. I further declare that any personal information I receive will not be used to sell or offer for sale any property or service.

Knows use of jacks, tools emergency warning devices, tire chains, fire extinguisher, spare fuses and four-way flashers
Checks instruments
Cleans windshield, window mirrors, lights, Reflectors

**Part 2-Placing Vehicle in Motion and use of Controls**

A. Motor
Starts motor without difficulty
Allows proper warm-up
Understands gauge on instrument panel
Maintains proper engine speed while driving
Basic knowledge of motor – gas, diesel
Does not abuse motor

B. Clutch and Transmission
Starts loaded units smoothly
Uses clutch properly
Times gearshifts properly
Shifts gears smoothly
Uses proper gear sequence

C. Brakes
Understands operating principles or air brakes
Knows proper use of tractor protection valve
Understands low air warning
Tests brakes before starting trip

D. Steering
Controls steering wheel
Good driving posture and good grip on wheel

E. Lights
Knows lighting regulations
Uses proper headlight beam

**Part 3-Coupling and Uncoupling**

Lines up units
Hooks brake and light lines properly
Secures trailer against movement
Backs under slowly
Tests hookup visually
Checks hookup visually

**Part 4-Backing and Parking**

A. Backing
Gets out and checks before backing
Looks back as well as uses mirror
Gets out and rechecks conditions on long back
Signals when backing
Controls speed & direction properly while backing
Avoids backing from blind side

B. Parking (City)
Does not hit nearby vehicles or stationary objects
Parks proper distance from curb
Parks in legal and safe location

C. Parking (Road)
Parks off pavement
Avoids parking on soft shoulder
Uses emergency warning signals when required
Secures unit properly

**Part 5-Slowing and Stopping**

Uses gears properly ascending
Gears down properly descending
Stops and starts without rolling back
Tests brakes at top of hills
Uses brakes properly on grades
Uses mirrors to check traffic to rear
Signals following traffic
Avoids sudden stops
Stops smoothly without excess fanning
Stops before crossing sidewalk, driveway or alley
Stops clear of pedestrian crosswalks

Entry-level driver training requirements

Title 49 Part 380.501 Applicability:
All entry-level drivers who drive in interstate commerce and are subject to the CDL requirements must comply with the rules of this subpart, except drivers who are subject to the jurisdiction of the Federal Transit Administration or who are otherwise exempt under 390.3(f) of this subchapter.

Title 49 Part 380.503 Entry-level driver-training requirements:
Enter-level driver training must include instruction addressing the following four areas:
(a) Driver qualification requirements. The Federal rules on medical certification, medical examination procedures, general qualifications, responsibilities, and disqualifications based on various offenses, orders, and loss of driving privileges (part 391, subparts B and E of this subchapter).
(b) Hours of service of drivers. The limitations on driving hours, the requirement to be off-duty for certain periods of time, record of duty status preparation, and exceptions (part 395 of this subchapter).
(c) Driver wellness. Basic health maintenance including diet and exercise. The importance of avoiding excessive use of alcohol.
(d) Whistleblower protection. The right of an employee to question the safety practices of an employer without the employee's risk of losing a job or being subject to reprisals simply for stating a safety concern (29 CFR part 1978).

PART 395 – Hours of Service Regulations for (Property) Carrier Drivers

395.3(a) Except as otherwise provided in §395.1, no motor carrier shall permit or require any driver used by it to drive a property-carrying commercial motor vehicle, nor shall any such driver drive a property-carrying commercial motor vehicle, regardless of the number of motor carriers using the driver's services, unless the driver complies with the following requirements:

(1) Start of work shift. A driver may not drive without first taking 10 consecutive hours off duty;

(2) 14-hour period. A driver may drive only during a period of 14 consecutive hours after coming on duty following 10 consecutive hours off duty. The driver may not drive after the end of the 14-consecutive-hour period without first taking 10 consecutive hours off duty.

(3) Driving time and rest breaks.
    (i) Driving time. A driver may drive a total of 11 hours during the 14-hour period specified in paragraph (a)(2) of this section.

    (ii) Break. Except for drivers who qualify for either of the short-haul exceptions in § 395.1(e)(1) or (2), driving is not permitted if more than 8 consecutive driving hours have passed since the end of the driver’s last off-duty, on-duty not driving or sleeper-berth period of at least 30 minutes.

(b) No motor carrier shall permit or require a driver of a property-carrying commercial motor vehicle to drive, nor shall any driver drive a property-carrying commercial motor vehicle, regardless of the number of motor carriers using the driver's services, for any period after—

(1) Having been on duty 60 hours in any period of 7 consecutive days if the employing motor carrier does not operate commercial motor vehicles every day of the week; or

(2) Having been on duty 70 hours in any period of 8 consecutive days if the employing motor carrier operates commercial motor vehicles every day of the week.

(c) Any period of 7/8 consecutive days may end with the beginning of an off-duty period of 34 or more consecutive hours

It is recommended that motor carriers and drivers keep a summary (recap) of drivers’ hours worked and hours available. This will prevent hours of service violations.

Every motor carrier must require every driver to make a record of duty status (log), in duplicate, for each 24-hour period;

Motor carriers and drivers who do not complete and keep records of duty status (logs) or who make false records of duty status (logs) can be prosecuted;

The driver must give or send by mail the original of the driver’s record of duty status (log) to his/her motor carrier within 13 days after completing the record. The motor carrier must then keep the record of duty status (log) for 6 months;

Local Driver Provision: Drivers may extend the 14-hour on-duty period by 2 additional hours if they:

(1) Are released from duty at the normal work reporting location for the previous 5 duty tours, and

(2) Return to the normal work reporting location and are released from duty within 16 hours, and

(3) Have not used this exception in the previous 6 days, except following a 34-hour restart of a 7/8 day period
Sleeper Berth Guidelines: A driver may accumulate the equivalent of at least 10 consecutive hours off-duty by taking not more than two periods of either sleeper berth time or a combination of off-duty time and sleeper berth time if:

(A) Neither rest period is shorter than 2 consecutive hours;
(B) One rest period is at least 7 consecutive hours in the sleeper berth;
(C) The total of the two periods is at least 10 hours; and
(D) Driving time in the period immediately before and after each rest period, when added together:
   (1) Does not exceed 11 hours driving; and
   (2) Does not violate the 14-hour duty-period limit.

(iii) Calculation
   (A) In general. The driving time limit and the 14-hour duty-period limit must be re-calculated from the end of the first of the two periods used to comply for the 10 hour break.
   (B) 14-hour period. The 14-hour duty-period for purposes of § 395.3(a)(2) does not include qualifying rest periods for the sleeper berth.

Short-Haul Provision Guidelines: A driver does not have to make a record of duty status (log book) if they can comply with the following short-haul requirements:

- Allows drivers of property carrying CMV’s to operate within a 150 air-mile (172.6 statute miles) radius of their normal work reporting location;
- Drivers may drive up to 11 hours after coming on duty following 10 or more consecutive hours off duty;
- Drivers are not required to keep Log Books, but must maintain time records;
- Drivers shall not drive after the 14 hour after coming on duty 5 days a week or after the 16 hour after coming on duty 2 days a week
- Employers must maintain and retain time records for a period of 6 months showing the time the duty period began, ended, and total hours on duty each day in place of RODS;
**PART 395 – Hours of Service Regulations for (Passenger) Carrier Drivers**

- A motor carrier cannot allow or require any driver to drive:
  1. More than 10 hours following 8 consecutive hours off duty; or
  2. After being on duty 15 hours; or
  3. After being on duty more than 60 hours in any 7 consecutive days

- A motor carrier operating vehicles every day of the week cannot allow or require any driver to drive after being on duty more than 70 hours in any 8 consecutive days

- It is recommended that motor carriers and drivers keep a summary (recap) of drivers’ hours worked and hours available. This will prevent hours of service violations

- Every motor carrier must require every driver to make a record of duty status (log), in duplicate, for each 24-hour period

- Motor carriers and drivers who do not complete and keep records of duty status (logs) or who make false records of duty status (logs) can be prosecuted

- The driver must give or send by mail the original of the driver’s record of duty status (log) to his/her motor carrier within 13 days after completing the record. The motor carrier must then keep the record of duty status (log) for 6 months

- A driver does not have to make a record of duty status (log) if the following apply:
  1. The driver operates within a 100 air-mile radius of the normal work reporting location;
  2. The driver returns to the work-reporting station and is released from work within 12 consecutive hours;
  3. At least 8 consecutive hours off duty separate each 12 consecutive hours on duty;
  4. The driver does not exceed 10 hours maximum driving time following 8 consecutive hours off duty; and
  5. The motor carrier maintains and retains for 6 months accurate and true time records showing the following:
     i. The time the driver reports for duty each day
     ii. The total number of hours the driver is on duty each day
     iii. The time the driver is released from duty each day
     iv. The total time for the preceding 7 days for drivers used the first time or multiple-employer drivers

Electronic Logging Device (ELD)

The ELD Rule applies to most motor carriers and drivers who are required to keep records of duty status (RODS). This includes commercial buses as well as trucks. It applies to drivers domiciled in Canada and Mexico, unless they qualify for an exception to the rule.

**Phase 1: Awareness and Transition:** COMPLETED

**Phase 2: Phased-In Compliance Phase:** COMPLETED

**Phase 3: Full Compliance Phase:** NOW IN EFFECT

After December 16, 2019 all motor carriers and drivers subject to the rule must use certified, registered ELDs that comply with requirements of the ELD regulations.

### ELD Rule Exceptions

The following are not required to use ELDs (but motor carriers may choose to use ELDs even if they are not required):

- Drivers who use paper logs no more than 8 days during any 30-day period.
- Driveaway-towaway drivers (transporting an empty vehicle for sale, lease, or repair).
- Drivers of vehicles manufactured before model year 2000.
These are tips to consider when choosing an ELD, and a checklist of key features and functions that every ELD must provide.

Tips
- Most Important: Make sure that the specific ELD model you are considering is on FMCSA’s list of registered ELDs by visiting https://3pdp.fmcsa.dot.gov/ELD/ELDList.aspx. The vendors on this list have self-certified that their device is compliant with all of the ELD technical specifications, and registered each ELD model with FMCSA.
- Take a few minutes to research the ELD provider by checking with the Better Business Bureau and looking at online reviews for their products and customer service.
- While many ELDs may be part of a Fleet Management System (FMS) or include FMS functions, there is no requirement for Fleet Management functionality. An ELD that complies with FMCSA requirements is what is required by the ELD rule.

Checklist
Before choosing an ELD, have the vendor verify that its device meets all of the ELD specifications in the rule. While this list is not a complete list of all required ELD functions, at a minimum have the vendor demonstrate or show you all the features and functions in the list below.

Employers will be required to query the Clearinghouse for:

1. **Pre-Employment Screening** to ensure the prospective employee is eligible to perform safety-sensitive functions.
2. **Annual Verification** to ensure that a driver is still eligible to perform safety-sensitive functions.

The type of consent request will depend on the type of query:

<table>

<th>Query Type</th>
<th>Consent Request</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pre-employment screening</td>
<td>Full query – access full violation details</td>
<td>Specific consent – required for each full query; provided electronically in the Clearinghouse</td>
</tr>
<tr>
<td>Annual verification</td>
<td>Limited query – verify presence of driver information in the Clearinghouse. If information is discovered, a full query is required</td>
<td>General consent – done outside the Clearinghouse; can be one-time or unlimited. Specific consent required – if limited query results in a full query; provided electronically in the Clearinghouse</td>
</tr>

PART 396-INSPECTION, REPAIR AND MAINTENANCE

Every motor carrier must make sure that all its vehicles are regularly inspected, repaired and maintained.

All vehicle parts and accessories must be in a safe and proper working order at all times.

Pushout windows, emergency doors and emergency door-marking lights in buses must be inspected at least every 90 days.

Generally, motor carriers must maintain the following maintenance records for each of their commercial motor vehicles:

1. An identification of the vehicle including company number (if so marked), make, serial number, year and tire size. Also, if the carrier does not own the vehicle, the records must show the name of the person providing the vehicle.

2. A schedule of the type and due date of the various inspections and maintenance operations to be performed.

3. A record of inspection, repairs and maintenance showing their date and type.

4. A lubrication record.

5. A record of tests conducted on pushout windows, emergency doors, and emergency door-marking lights on buses.

Maintenance records must be kept where the vehicle is either housed or maintained for a period of 1 year and for 6 months after the vehicle leaves the motor carrier’s control.

A vehicle must not be driven if it is likely to break down or cause an accident.

Every motor carrier must require its drivers to complete a vehicle inspection at the end of each day. If a safety violation is noted, a report must be made that identifies the commercial motor vehicle and lists all defects that could affect its safe operation.

Before the vehicle is driven again, the motor carrier must repair any safety defects listed and sign the vehicle inspection report.

A copy of the last vehicle inspection report must be available to the driver. Every motor carrier must keep the original vehicle report for at least 3 months. (Page 30)

Before driving a commercial motor vehicle the driver must do the following:

1. Be satisfied that it is in safe operating condition;

2. Review the last inspection report; and

3. Sign the report if defects were listed and the report has been signed to show that repairs were made.

NOTE: Examples of several maintenance forms are on the following pages.
I, ________________________________, hereby certify that I am knowledgeable in the requirements for performing an annual vehicle inspection and I can identify defective components in compliance with the regulations of the U. S. Department of Transportation for annual vehicle inspections contained in 49 CFR 396, Appendix G. I hereby agree to comply with all such governing annual vehicle inspections.

A qualified inspector must meet one or more of the following requirements. Please check those applicable.

- _____ One-year experience as a mechanic or inspector in a motor carrier or intermodal equipment maintenance program.
- _____ One-year experience as a mechanic or inspector in commercial motor vehicle maintenance at a commercial garage, fleet-leasing company or similar facility.
- _____ One-year of training and/or experience in truck manufacturer or similar commercially sponsored training designed to train in truck maintenance.
- _____ Successfully completed a state or federal sponsored training program which qualifies me to perform as a commercial vehicle safety inspector.
- _____ One-year experience as a commercial vehicle inspector for a state, provincial or federal government.

________________________________________
Signature of Mechanic/Inspector

I, ________________________________, hereby certify that ________________________________ Meets the requirements for a qualified inspector to perform the annual vehicle inspection in compliance with the regulations of the U. S. Department of Transportation for qualified inspectors contained in 49 CFR Part 396.

Dated this________ day of ________________, 20_______.

BRAKE INSPECTOR

I, __________________________, hereby certify that I understand the brake service or inspection tasks assigned me and can competently perform such brake service or inspections by virtue of my training or experience in compliance with the regulations or the United States Department of Transportation for brake inspections contained in 49 CFR Part 396.25. I hereby agree to comply with all such regulations governing brake service or inspections.

I am qualified to perform the following brake duties assigned by the motor carrier:

_____ Adjust and inspect brakes

_____ Replacement and repair of brake system components

By reason of one or more of the following requirements: (Please check those that apply)

_____ One-year experience performing brake maintenance and/or inspection in a motor carrier or intermodal equipment brake service program.

_____ Successfully completed a state, federal, Canadian, or Labor Union sponsored apprenticeship or training program, which qualifies me to perform brake service and/or inspections.

_____ One year of brake-related training and/or experience in brake or vehicle manufacturer or similar commercial training program designed to train in brake maintenance and/or inspection.

_____ One year of experience performing brake maintenance and/or inspection similar to assigned duties at a commercial garage, fleet-leasing company, or similar facility.

I, __________________________, hereby certify that __________________________ has met the requirements for a qualified brake inspector to perform the assigned brake maintenance task in compliance with the regulations of the U. S. Department of Transportation for qualified brake inspectors contained in 49 CFR Part 396.25.

Dated this____ day of ________________, 20____
The technician meets and exceeds all requirements of 49 CFR §396.19 and compatible state regulations and can perform the inspection according to the appendix G criteria and that the technician has the necessary tools, and is skilled in completion of the annual inspection, as listed in 49 CFR §396.19.

The policy to which this endorsement is attached provides primary or excess insurance, as indicated by the “X” inside the box, for the limits shown:

☐ This insurance is primary and the company shall not be liable for amounts in excess of $_________ for each accident.

☐ This insurance is excess and company shall not be liable for amounts in excess of $_________ for each accident in excess of the underlying limit of $_________.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: _____________________.

Cancellation of this endorsement may be effected by the company or the insured by giving thirty-five days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice.)

DEFINITIONS AS USED IN THIS ENDORSEMENT

ACCIDENT includes continuous or repeated exposure to conditions which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

MOTOR VEHICLE means a land vehicle, machine, truck, tractor, trailer, or semi trailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

BODILY INJURY means injury to the body, sickness, or disease to any person, including death resulting from any of these.

ENVIRONMENTAL RESTORATION means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

PROPERTY DAMAGE means damage to or loss of use of tangible property.

PUBLIC LIABILITY means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration.

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured’s employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that not condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon, or violation thereof, shall relieve the company from liability or from the payment of any final judgment, with the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company’s liability for the amounts prescribed in this endorsement apply separately, to each accident, and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

The Motor Carrier Act of 1980 requires limits for financial responsibility according to the type of carriage and commodity transported by the motor carrier. It is the motor carrier’s obligation to obtain the required limits of financial responsibility.

*K.A.R. 82-4-26a

A private motor carrier engaged in the occasional transportation of personal property that is not for compensation and is not in the furtherance of a commercial enterprise shall not be required KCC authority.
66-1,129. Motor carriers; safety rules and regulations adopted by commission; exceptions. (a) The commission shall adopt rules and regulations necessary to carry out the provisions of this act. No public motor carrier of property, household goods or passengers or private motor carrier of property shall operate or allow the operation of any motor vehicle on any public highway in this state except within the provisions of the rules and regulations adopted by the commission. Rules and regulations adopted by the commission shall include:

1. Every vehicle unit shall be maintained in a safe and sanitary condition at all times.
2. Every driver of a public or private motor carrier, except the driver of a farm vehicle, operating as a carrier of intrastate commerce within this state, shall be at least 18 years of age. All such drivers shall be competent to operate the motor vehicle under such driver's charge.
3. Minimum age requirements for every driver of a motor carrier, operating as a carrier of interstate commerce, shall be consistent with federal motor carrier regulations.
4. Hours of service for operators of all motor carriers to which this act applies shall be fixed by the commission.
5. Accidents arising from or in connection with the operation of motor carriers shall be reported to the commission within the time, in the detail and in the manner as the commission requires.
6. Every motor carrier shall have attached to each unit or vehicle distinctive marking adopted by the commission.
7. Motor carrier transportation requirements that are consistent with continuation of the federal motor carrier safety assistance program and other federal requirements concerning transportation of hazardous materials.

(b) No rules and regulations adopted by the commission pursuant to this section shall require the operator of any motor vehicle having a gross vehicle weight rating or gross combination weight rating of not more than 10,000 pounds to submit to a physical examination, unless required by federal laws or regulations.

(c) The provisions of 49 C.F.R. parts 390-399 adopted by reference in the rules and regulations of the commission shall not apply to the following, while engaged in the carriage of intrastate commerce:

1. The owner of livestock or producer of farm products transporting livestock of such owner or farm products of such producer to market in a motor vehicle of such owner or producer, or the motor vehicle of a neighbor on the basis of barter or exchange for service or employment, or to such owner or producer transporting supplies for the use of such owner or producer, or in the motor vehicle of a neighbor on the basis of barter or exchange for service or employment.
2. The transportation of children to and from school, or to motor vehicles owned by schools, colleges, and universities, religious or charitable organizations and institutions, or governmental agencies, when used to convey students, inmates, employees, athletic teams, orchestras, bands or other similar activities.
3. Private motor carriers domiciled in Kansas operating commercial motor vehicles (CMV) with a gross vehicle weight (GVW), gross vehicle weight rating (GVWR), gross combination weight (GCW), or gross combination weight rating (GCWR) of 10,001 to 26,000 pounds and registered pursuant to K.S.A. 8-126 et seq., and amendments thereto. Such carriers shall comply with 49 C.F.R. part 393, subpart I (load securement) and subpart F (coupling devices), as adopted by K.A.R. 82-4-3i; and 49 C.F.R. part 396.17 (annual inspection), as adopted by K.A.R. 82-4-3j. Any deficiencies related to the above regulations discovered roadside or any defects identified at the time of the annual inspection shall be corrected prior to returning the commercial motor vehicle to operational status. This exception does not apply to commercial motor vehicles, regardless of weight, which are designed or used to transport 16 or more passengers, including the driver, or intrastate public (for hire) motor carriers of property or passengers, or any motor vehicles which are used in the transportation of hazardous materials and required to be placarded pursuant to 49 C.F.R. part 172, subpart F. For the purpose of this subsection “domicile” shall mean the principal place of business of a motor carrier or a permanent location in Kansas for a vehicle or vehicles annually registered in Kansas.
4) Persons operating motor vehicles which have an ad valorem tax situs in and are registered in the state of Kansas, and used only to transport grain from the producer to an elevator or other place for storage or sale for a distance of not to exceed 50 miles.

5) The operation of hearses, funeral coaches, funeral cars or ambulances by motor carriers.

6) Motor vehicles owned and operated by the United States, the District of Columbia, any state, any municipality or any other political subdivisions of this state.

7) Any motor vehicle with a normal seating capacity of not more than the driver and 15 passengers while used for vanpooling or otherwise not for profit in transporting persons who, as a joint undertaking, bear or agree to bear all the cost of such operations, or motor vehicles with a normal seating capacity not more than the driver and 15 passengers for not-for-profit transportation by one or more employees to and from the factories, plants, offices, institutions, construction sites or other places of like nature where such persons are employed or accustomed to work.

8) Motor vehicles used to transport water for domestic purposes, as defined by subsection (c) of K.S.A. 82a-701, and amendments thereto, or livestock consumption.

9) The operation of vehicles used for servicing, repairing or transporting of implements of husbandry, as defined in K.S.A. 8-1427, and amendments thereto, by a person actively engaged in the business of buying, selling or exchanging implements of husbandry, if such operation is within 100 miles of such person’s established place of business in this state, unless the implement of husbandry is transported on a CMV.

K.A.R. 82-4-3a(c)

(c) Any wrecker or tow truck, as defined by K.S.A. 66-1329 & amendments thereto, with a GVWR or GCWR of 26,000 or less, shall not be subject to Log book regulations while making an INTRASTATE movement.

Agriculture commodities exemption from HOS – K.A.R. 82-4-3a(a)(1)(J)

(J) 49 C.F.R. 395.1(k) shall be deleted and replaced by the following:

"(k)(1) The provisions of this regulation shall not apply to any of the following, during planting and harvesting seasons, as defined in this regulation:

(A) Drivers transporting agricultural commodities from the source of the agricultural commodities to a location within a 150-air-mile radius from the source;

(B) Drivers transporting farm supplies from a wholesale or retail distribution point to a farm or other location where the farm supplies are intended to be used within a 150-air-mile radius from the distribution point; or

(C) Drivers transporting farm supplies from a wholesale distribution point to a retail distribution point within a 150-air-mile radius from the wholesale distribution point.

(2) ‘Planting and harvesting seasons’ means the time periods for planting, growing, and harvesting that occur between January 1 and December 31."
66-1,129a. (a) The commission, at any time for good cause shown, may suspend the operation of any motor carrier subject to economic or safety rules and regulations adopted by the commission. Upon notice and an opportunity to be heard in accordance with the provisions of the Kansas administrative procedure act, the commission may revoke, amend, initiate sanctions or fine any motor carrier who has a certificate, license or permit issued by the commission or is subject to the safety rules and regulations adopted by the commission. Any motor carrier suspended prior to a hearing must be afforded the opportunity of a hearing on the matter. If such a hearing is requested, the hearing shall be held within 10 days of the request.

(b) The director of the commission’s transportation division, at any time for a good cause shown, may request the Kansas highway patrol to impound a motor carrier’s vehicle or vehicles when that motor carrier has:

(1) Failed to comply with an out-of-service order;
(2) failed to comply with a cease or desist order;
(3) failed to obtain commission authority to operate;
(4) failed to pay a commission-assessed civil penalty; or
(5) has otherwise failed to comply with a commission order. Any motor carrier whose vehicle is impounded prior to a hearing must be afforded the opportunity of a hearing on the matter. If such a hearing is requested, the hearing shall be held within 10 days of the request.

(c) The commission is authorized to enter into any contracts or agreements necessary with the superintendent of the Kansas highway patrol, in order to provide facilities and personnel to accomplish the impounding of vehicles.

(d) If the owner of a motor vehicle which has been impounded pursuant to this section refuses to pay any towing, impoundment, storage or other fess related to the impoundment of such vehicle or fails to take possession of such vehicle within 30 days following the date of the expiration of the impoundment period, such vehicle shall be deemed abandoned and the vehicle may be disposed of by the person having possession of such vehicle. If the person having possession of such vehicle is a public agency, disposition of such vehicle shall be in compliance with the procedures for notice and public auction provided by paragraph (2) of sub-section (a) of K.S.A. 8-1102, and amendments thereto. If the person having possession of such vehicle is not a public agency, disposition of such vehicle shall be in compliance with K.S.A. 8-1103 through 8-1108, and amendments thereto.

### BOARD INTERPRETATION:

The Consensus Board Interpretation is that the axles of a trailing unit have no bearing on this definition. The part of the definition alluding to the number of axles applies only to the axles on the power unit, irrespective of any trailing units. The Board agreed that a power unit with two axles, pulling a trailing unit, with a combined gross or registered weight of 26,000 pounds or less is not a qualified motor vehicle. The first and second definitions of a qualified motor vehicle refer only to the power unit. The third definition refers to the combination of the power unit and the trailing unit.

a) The following need not be registered under this act, any
   (1) Implement of husbandry;
   (2) All-terrain vehicle;
   (3) Micro utility truck;
   (4) Golf cart;
   (5) Work-site utility vehicle;
   (6) Road roller or road machinery temporarily operated or moved upon the highways;
   (7) Municipally owned fire truck;
   (8) Privately owned fire truck subject to a mutual aid agreement with a municipality;
   (9) School bus owned and operated by a school district or a nonpublic school which have the name of the municipality, school district or nonpublic school painted plainly thereon;
   (10) Farm trailer used in carrying not more than 6,000 lbs. owned by a person engaged in farming, which trailer is used exclusively by the owner to transport agricultural products produced by such owner or commodities purchased by the owner for use on the farm owned or rented by the owner of such trailer
   (11) Farm trailer used and designed for transporting hay or forage from a field to a storage area or from a storage area to a feedlot, which is only incidentally moved or operated upon the highways, except that this paragraph shall not apply to a farm semi trailer.

b) Self-propelled cranes where the crane operator on a job site operates the controls of such crane from a permanent housing or module on the crane and the crane is not used for the transportation of property, except the property that is required for the operation of the crane itself and earth moving equipment which are equipped with pneumatic tires may be moved on the highways of this state from one job location to another, or to or from places of storage, delivery or repair, without complying with the provisions of the law relating to registration and display of license plates but shall comply with all the other requirements of the law relating to motor vehicles.

c) Oil well servicing, oil well clean-out or oil well drilling machinery or equipment need not be registered under this act but shall comply with all the other requirements of the law relating to motor vehicles.

d) A truck permanently mounted with a hydraulic concrete pump and placing boom may be moved on the highways of this state from one job location to another, or to or from places of storage delivery or repair, without being registered under this act, but shall comply with all the other requirements of the law relating to motor vehicles.

The provisions of this subsection shall not apply to ready-mix concrete trucks.

K.A.R. 92-51-53 vehicles exempt from apportioned registration

(a) Vehicles that are based in a state with which Kansas has an agreement for apportioned registration and that are owned by an individual engaged in farming and used by the owner to transport agricultural products produced by the owner or commodities purchased by the owner for farm use shall be exempt from apportioned registration.

(b) Motor vehicles based in Missouri that bear “local” Missouri registration shall be exempt from apportioned registration in Kansas if the vehicles are operated not more than 25 miles from the vehicle’s base point in Missouri. Kansas 72-hour truck registration, 30-day truck registration, local registration, and regular registration shall not be applicable for the operation of the vehicle beyond the 25-mile radius. If the owner of the Missouri based locally registered vehicle desires to operate beyond the 25 mile radius of the vehicle’s base point, Missouri “beyond local,” which is also known as commercial, registration shall be secured.

(c) A commercial motor vehicle based in Missouri that bears Missouri “beyond local,” which is also known as commercial, registration shall be exempt from apportioned registration if the vehicle operation is restricted to any of the following:
   (1) The corporate limits and a radius of four miles beyond the corporate limits of Elwood, Kansas, and to and from St. Joseph, Missouri to the St. Joseph municipal airport on U.S. highway 36, with the return trip to Missouri over the same highway;
   (2) The corporate limits of Atchison, Kansas on U.S. highway 59, with the return trip to Missouri over the same highway;
   (3) the corporate limits of Leavenworth, Kansas, Fort Leavenworth, Kansas, and the federal penitentiary by entry on Kansas highway 92 and U.S. highway 73, with the return trip to Missouri over the same highways; and
   (4) The commercial zone of greater Kansas City as defined by the federal highway administration.

49 U.S.C. 13506. Miscellaneous motor carrier transportation exemptions

(a) In General.—Neither the Secretary nor the Board has jurisdiction under this part over—

(1) A motor vehicle transporting only school children and teachers to or from school;
(2) A motor vehicle providing taxicab service;
(3) A motor vehicle owned or operated by or for a hotel and only transporting hotel patrons between the hotel and the local station of a carrier;
(4) A motor vehicle controlled and operated by a farmer and transporting—
   (A) The farmer's agricultural or horticultural commodities and products; or
   (B) Supplies to the farm of the farmer;
(5) A motor vehicle controlled and operated by a cooperative association (as defined by section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a))) or by a federation of cooperative associations if the federation has no greater power or purposes than a cooperative association, except that if the cooperative association or federation provides transportation for compensation between a place in one State and a place in another State, or between a place in a State and another place in the same State through another State—
   (A) For a nonmember that is not a farmer, cooperative association, federation, or the United States Government, the transportation (except for transportation otherwise exempt under this subchapter)—
     (i) Shall be limited to transportation incidental to the primary transportation operation of the cooperative association or federation and necessary for its effective performance; and
     (ii) May not exceed in each fiscal year 25 percent of the total transportation of the cooperative association or federation between those places, measured by tonnage; and
   (B) The transportation for all nonmembers may not exceed in each fiscal year, measured by tonnage, the total transportation between those places for the cooperative association or federation and its members during that fiscal year;
(6) Transportation by motor vehicle of—
   (A) Ordinary livestock;
   (B) Agricultural or horticultural commodities (other than manufactured products thereof);
   (C) Commodities listed as exempt in the Commodity List incorporated in ruling numbered 107, March 19, 1958, Bureau of Motor Carriers, Interstate Commerce Commission, other than frozen fruits, frozen berries, frozen vegetables, cocoa beans, coffee beans, tea, bananas, or hemp, or wool imported from a foreign country, wool tops and noils, or wool waste (carded, spun, woven, or knitted);
   (D) Cooked or uncooked fish, whether breaded or not, or frozen or fresh shellfish, or byproducts thereof not intended for human consumption, other than fish or shellfish that have been treated for preserving, such as canned, smoked, pickled, spiced, corned, or kippered products; and
   (E) Livestock and poultry feed and agricultural seeds and plants, if such products (excluding products otherwise exempt under this paragraph) are transported to a site of agricultural production or to a business enterprise engaged in the sale to agricultural producers of goods used in agricultural production;
(7) A motor vehicle used only to distribute newspapers;
(8)(A) Transportation of passengers by motor vehicle incidental to transportation by aircraft;
   (B) Transportation of property (including baggage) by motor vehicle as part of a continuous movement which, prior or subsequent to such part of the continuous movement, has been or will be transported by an air carrier or (to the extent so agreed by the United States and approved by the Secretary) by a foreign air carrier; or
   (C) Transportation of property by motor vehicle in lieu of transportation by aircraft because of adverse weather conditions or mechanical failure of the aircraft or other causes due to circumstances beyond the control of the carrier or shipper;
(9) The operation of a motor vehicle in a national park or national monument;
(10) A motor vehicle carrying not more than 15 individuals in a single, daily roundtrip to commute to and from work;
(11) Transportation of used pallets and used empty shipping containers (including intermodal cargo containers), and other used shipping devices (other than containers or devices used in the transportation of motor vehicles or parts of motor vehicles);
(12) Transportation of natural, crushed, vesicular rock to be used for decorative purposes;
(13) Transportation of wood chips;
(14) Brokers for motor carriers of passengers, except as provided in section 13904(d); or
(15) Transportation of broken, crushed, or powdered glass.

(b) Exempt Unless Otherwise Necessary.—Except to the extent the Secretary or Board, as applicable, finds it necessary to exercise jurisdiction to carry out the transportation policy of section 13101, neither the Secretary nor the Board has jurisdiction under this part over—

(1) Transportation provided entirely in a municipality, in contiguous municipalities, or in a zone that is adjacent to, and commercially a part of, the municipality or municipalities, except—
   (A) When the transportation is under common control, management, or arrangement for a continuous carriage or shipment to or from a place outside the municipality, municipalities, or zone; or
   (B) That in transporting passengers over a route between a place in a State and a place in another State, or between a place in a State and another place in the same State through another State, the transportation is exempt from jurisdiction under this part only if the motor carrier operating the motor vehicle also is lawfully providing intrastate transportation of passengers over the entire route under the laws of each State through which the route runs;
(2) Transportation by motor vehicle provided casually, occasionally, or reciprocally but not as a regular occupation or business, except when a broker or other person sells or offers for sale passenger transportation provided by a person authorized to transport passengers by motor vehicle under an application pending, or registration issued, under this part; or
(3) The emergency towing of an accidentally wrecked or disabled motor vehicle.
The Bridge Formula Weights is given by:

\[
W = 500 \left( \frac{L}{N-1} \right) + 12N + 36
\]

This formula limits the weight on groups of axles in order to reduce the risk of damage to highway bridges.

- \( W \) = the maximum weight in pounds that can be carried on a group of two or more axles to the nearest 500 pounds.
- \( L \) = the distance in feet between the outer axles of any two or more consecutive axles.
- \( N \) = the number of axles being considered.
